Volunteer Report 2019

No One Left Unhelped Inc. (NOLU) is a 501c3 organization located in the Sandtown/Winchester Community of Baltimore City. The vision is to provide overall community support, strategies for improvement of family units, and awareness of low-income families impacted by violence. The mission is to combine community beautification, support in healing, and anti-violence tactics to reduce pollution and break the cycle of violence in our community.

The organization was founded in 2016 by a group of family survivors of gun violence. Concerned about the well-being of children impacted by violence, they decided to establish a therapeutic group to safeguard the children, provide treatment and allow children age 5-18 years old to partner with children around the world on Global Service Days, and to take on new roles being a part of meaningful change in the community where they live.

According to the data below, in the year of 2019, NOLU engaged 1,084 volunteers, donating over 5,342 in-kind hours; and providing direct services to 5,218 children in order to help change the cycle of violence in Baltimore City:
